

**Volunteer Opportunities at Madison East High School
2007-2008**

Madison East High School is home to a diverse and exciting group of young people. They have come to East from a wide variety of family, ethnic, and national backgrounds, to pursue their education and prepare for adulthood. They will study languages, music, literature, history, politics, technology, mathematics, and science. Many find their studies to be challenging. Please come and meet our students—you can help them reach their goals.

East High School is located at 2222 East Washington Avenue, between 4th and 5th Streets. It is about a 20-minute ride from campus on city bus routes #4, #5, or #6. On-street parking can usually be found within 1-2 blocks of the building.

Note: Board of Education policy requires all persons working directly with students to complete a form authorizing a basic background check, the results of which may limit placement opportunities.
