## This Month's Meeting...

### Tammy Baldwin, US House of Representatives 2nd Congressional District

In November 1998, Tammy Baldwin was elected to Congress and became the first woman to serve in the House of Representatives from Wisconsin. She was re-elected in 2000. Congresswoman Baldwin serves on the House Budget and Judiciary Committees. She is a leading advocate for health care reform, preserving and protecting Social Security and Medicare, and assisting people with disabilities in their efforts to lead productive lives. In the 108th Congress, Tammy Baldwin is dedicated to enacting laws that will benefit her constituents in Wisconsin. She is committed to dairy pricing reform, reducing the high price of prescription drugs for seniors and creating a prescription drug benefit under Medicare, providing assistance and support to our nation's veterans, protecting our environment and creating a balanced national energy plan, guaranteeing small class sizes with enough teachers for our children, and making sure our suburban and rural neighbors can take advantage of new communications technologies. In her first term, Congresswoman Baldwin was a leader in the successful effort to reauthorize the Violence Against Women Act and authored a bill that would enable states to provide health care coverage for their uninsured.

Tammy Baldwin began her career in elective office as a member of the Dane County Board of Supervisors in 1986. In the same year, she served briefly on the Madison, WI City Council, filling an aldermanic vacancy. Baldwin served four terms as a Dane County Supervisor (1986-1994), while also running for, and winning, a seat in the Wisconsin State

an active member of the Dane County Board of Supervisors, Baldwin earned her J.D. from the University of Wisconsin Law School and practiced law from 1989-1992.
